CO-LOCATED SHOWS

**BIG DATA
& AI WORLD**

Where data meets intelligence. Connect with enterprises leveraging predictive analytics and machine learning for an edge.

**CLOUD & AI
INFRASTRUCTURE**

The backbone of the digital economy. Showcase scalable solutions for audiences moving from legacy systems to next-gen cloud architecture.

**CYBER SECURITY
WORLD**

The critical shield. Position your firm as a trusted partner as digital sovereignty and data protection become top priorities for APAC governments.

**DATA CENTRE
WORLD**

For operators, hyper scalers, cloud providers, enterprises, enterprises, collocation teams, energy and sustainability experts looking to build, scale, and optimise modern data centres.

**DEVOPS
LIVE**

The engine of agility. Engage with CTOs and engineering leads aiming to optimise workflows and speed up delivery cycles.

**2026 is the
12th Edition**

**Exhibitors
600+ Companies**

**Speakers
540+ Thought Leaders**

EXHIBITION OVERVIEW

What is Tech Week Singapore?

Tech Week Singapore 2026 is Asia's award-winning technology event platform, bringing together five major technology shows across two high-impact days.

The event attracts senior business leaders, technology decision-makers, and solution providers from across Singapore, ASEAN, and the wider APAC region.

Many attendees are actively looking for technology partners, regional collaborations and opportunities connected to Taiwan.

Why exhibit?

-  Meet qualified decision-makers and technology buyers
-  Build visibility in front of a 29,000+ audience
-  Generate leads and partnership opportunities
-  Cross-border partnership opportunities in ASEAN

Who you'll meet

CEOs, CIOs, CTOs, CDOs

Heads of IT, Data, AI, and Digital Transformation

Cybersecurity, Cloud, and Infrastructure Leaders

Software Engineers, Solution Architects, DevOs/DevSecOps

Data Analysts, Data Scientists, AI/ML Specialist

TESTIMONIALS

AI SINGAPORE

The Techweek event has provided lots of networking opportunities and I am sure some of these discussions will lead to meaningful outcomes for us in AI Singapore and our future collaborators

- AI Innovation Director

WORLD TRADE ORGANIZATION

TechWeek Singapore was a fantastic platform to exchange ideas on how AI is reshaping global trade. It was inspiring to see government, business, and tech leaders come together to explore practical pathways for inclusive and trustworthy AI adoption.

- Chief of the Digital Trade and Frontier Technologies

QUANTUMBLACK.AI

Tech Week Singapore brought together industry visionaries, innovators, and thought leaders to explore the vast potential shaping today's digital landscape. I was inspired by the dynamic conversations around agentic AI and the wealth of transformative case studies that not only highlighted the cutting edge of technology but also illuminated the trajectory toward driving meaningful, real-world impact. It was a privilege to contribute to such a vibrant exchange of ideas and to witness the collective energy propelling the future of innovation

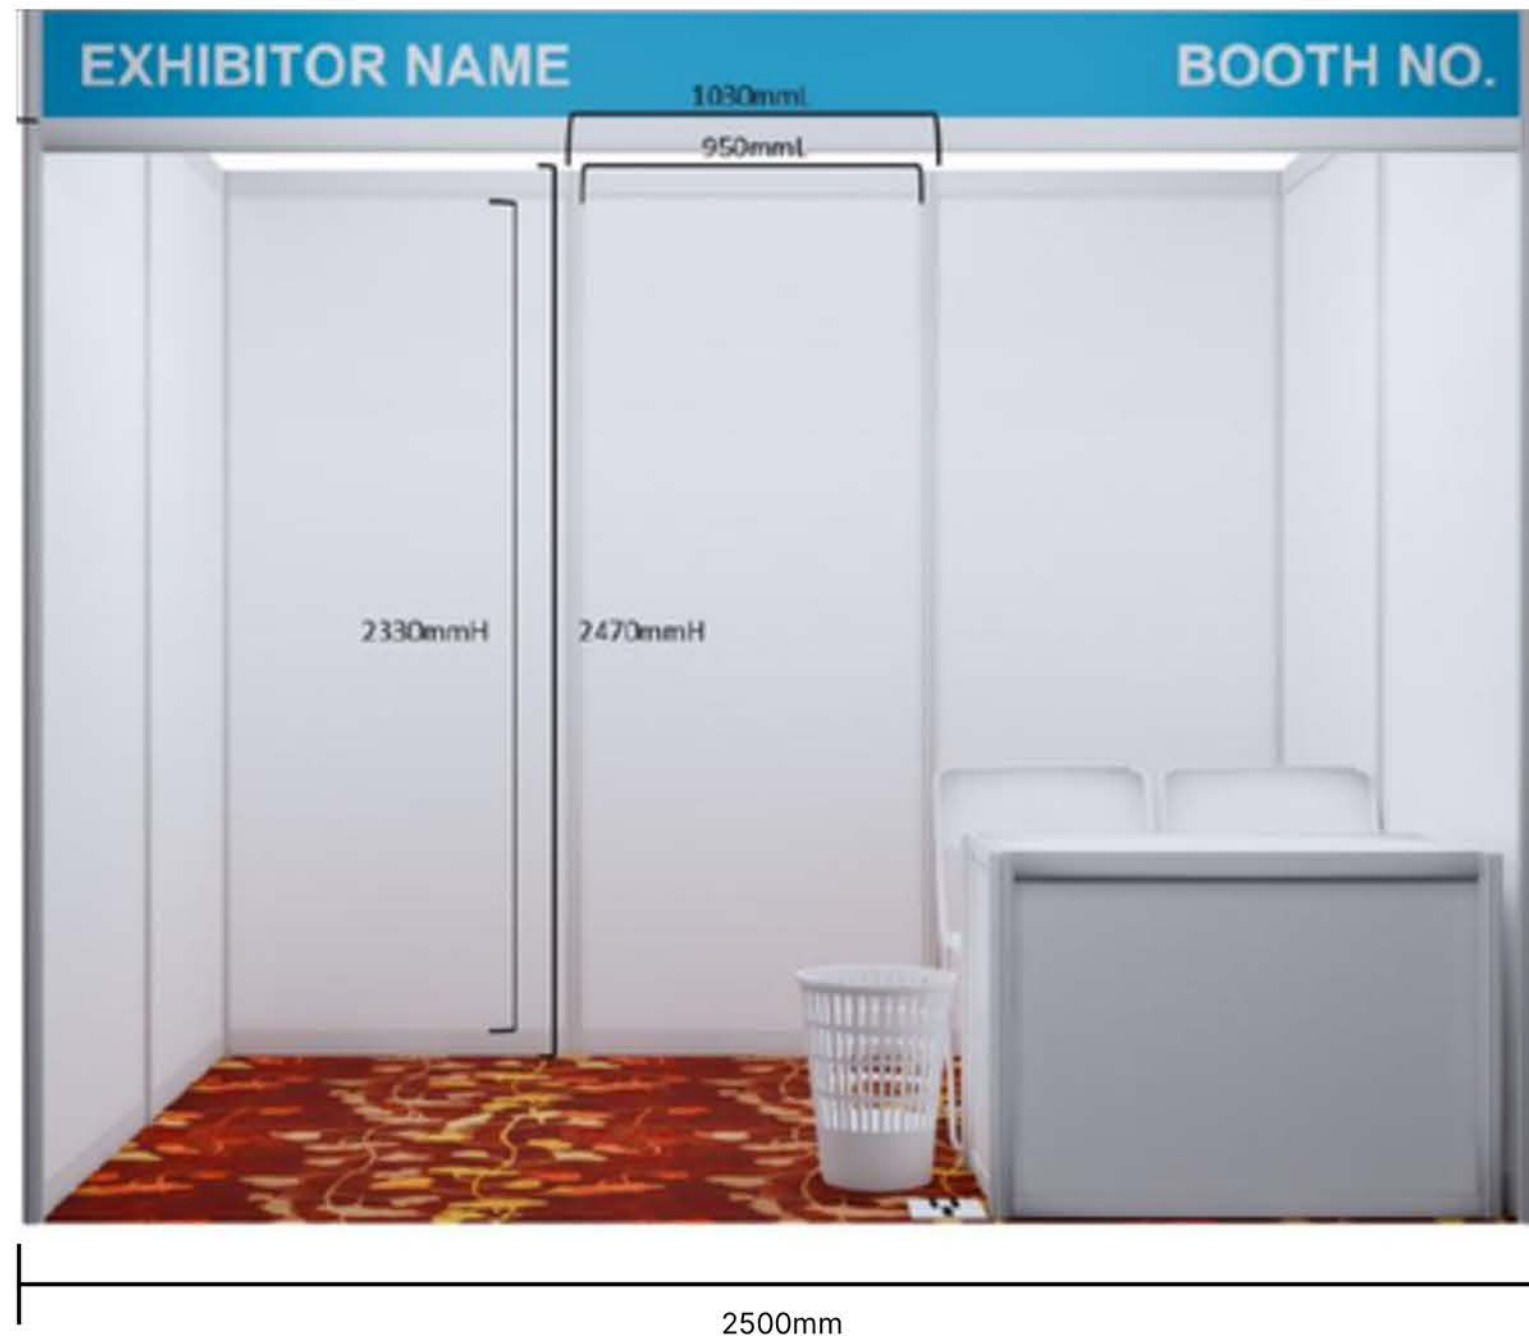

- Partner & SEA Leader

1ST INTEL

An impeccably well organized and dynamic event which connects more than 30,000 people, businesses, and trending topics everyone should be learning about and discussing! Was a great experience for me, with many useful connections made in the process. Glad to have had the opportunity to contribute to this event, well worth every effort!
